

2018 Summer Camps

NEW SUMMER CAMP OPPORTUNITY

***We will be running summer camps in partnership with
Dynamyx Gymnastics and Discover Coding Zone!***

Why would you choose this camp?

Dynamyx Gymnastics staff will be planning and facilitating an exciting summer camp. During the camps, our staff will help engage the campers, using appropriate supports, to explore different gym equipment and activities!

*In addition to gymnastics exploration, our 10-14 year old campers will be provided with an opportunity to learn computer coding from the people at **Discover Coding Zone** (www.discovercodingzone.com). With such opportunity, kids will be guided in creating their own stories, animations, and games through coding, further providing the chance to have fun while problem solving with computers and technology.*

We will be offering camps for the following two different age groups:

<i>Campers aged 6-9</i>	<i>All day (9-4pm)</i>	<i>Gymnastics</i>
<i>Campers aged 10 – 14</i>	<i>All day (9-4pm)</i>	<i>Gymnastics/ Coding</i>

When are the camps offered?

6-9 year olds – Jul 16-20 and Aug 13-17

10-14 year olds – Jul 9-13 and Aug 20-24

Pricing: \$625 per week

Please email: summercamps@childre autism.ca or call (780)-495-9235
